Subject: Certification for FCC ID: WODFKRC161170-5

To Whom It May Concern:

Ericsson (China) Communications Company Ltd. requests a Grant of Certification (Type Acceptance) for the above mentioned FCC Identifier.

This Radio Equipment (RE) is designed for use in the GSM 1900 MHz cellular telephone system. The transmitter will operate from 1930.2 to 1989.8 MHz. The receiver circuit supports 1850.2 to 1909.8 MHz. The RE operates in the 1900 MHz broadband PCS services as per 47 CFR Part 24 subpart E. It meets the requirements of GSM1900 11.10-1 version 4.19.1 specification for operation in GSM cellular systems.

This RE will in normal mode operate at a nominal power out of 43 dBm for GMSK and 39.7 dBm for 8-PSK at the antenna connector.

Ericsson (China) Communications Company Ltd. requests confidentiality under CFR 0.459. Confidentiality for the following exhibits is requested:

EXHIBIT 4	Block Diagrams
EXHIBIT 5	Schematics Diagrams
EXHIBIT 8	Manuals
EXHIBIT 9	Internal Photos
EXHIBIT 10	Components and Tune Up
EXHIBIT 12	Technical Circuit Description

The RE is always installed and placed in an area with access only to authorize personal. Sensitive information, such as internal photos and manuals is not available for general public in any form. Only customer with a Non-Disclosure Agreement (NDA) in place will get access to sensitive information. So the only way a competitor could get technical information on the RE is from FCC records.

Justification of this request is in order to protect the large investment in developing this technology and to facilitate the circuit miniaturization utilized in this design and protect the innovative design as well as proprietary techniques which are implemented. In order to protect Ericsson's competitive advantage on these proprietary techniques, we request the above listed exhibits be held as confidential and withheld from the Public Information File.
